Dear Investor,

### **Ninety One Global Strategy Fund – sustainability disclosures updates**

We are writing to you as an investor in the Global Environment Fund (the 'Sub-Fund'), a sub-fund of the Ninety One Global Strategy Fund ('GSF'), to inform you that Ninety One Luxembourg S.A. (the 'Management Company'), is making updates to the Sub-Fund's sustainability disclosures in Appendix 3 of the GSF Prospectus.

We encourage you to read this letter as it contains important information. However, you are not required to take any action.

#### **What are the updates to the sustainability disclosures?**

The Sub-Fund has an environmental objective to make sustainable investments that aim to contribute to a positive environmental change through sustainable decarbonisation. The Sub-Fund seeks to attain its environmental objective by firstly targeting companies which typically have a majority of their revenue derived from areas contributing to environmental change and that have products and services which genuinely avoid carbon. Secondly, by excluding certain sectors from the investment universe. These exclusions prohibit or limit investment by the Sub-Fund in the excluded sectors. We regularly review the exclusions for all GSF sub-funds to ensure that the sectors covered by the exclusions are clear, transparent and aligned with the intentions of the Investment Manager. More detail can be found in the investment strategy section of the Sub-Fund's sustainability disclosures in Appendix 3 of the GSF Prospectus.

After undertaking a review of the Sub-Fund's exclusions, the Management Company has decided to make some updates. For ease of reference we have set out the changes to the wording in the relevant exclusions in the sustainability disclosures for the Sub-Fund in Appendix 3 of the GSF Prospectus in the appendix to this letter, with the deletions shown in strike-through and the additions in bold underline.

#### Exclusions

The Investment Manager uses a proprietary sustainability framework which helps to identify business groups and activities (in some cases subject to specific revenue thresholds) in which the Investment Manager will not invest. The Investment Manager’s approach to exclusions for the Sub-Fund is based on the conclusions of its sustainability framework.

As a result, the Sub-Fund will not invest in companies that derive more than 5% of their revenue from the following business activities **(to the best of the Investment Manager’s knowledge):**

- the manufacture and sale of tobacco products; ~~or~~
- ~~thermal~~ coal extraction or power generation; ~~or~~
- the exploration, production and refining of oil and gas; ~~or~~
- **the manufacture and production of conventional weapons or civilian firearms.**

In addition, the Sub-Fund will not invest in companies **that (to the best of the Investment Manager’s knowledge):**

- ~~that~~ are directly involved in the manufacture and production of controversial weapons (including biological and chemical weapons, cluster munitions and **anti-personnel** landmines); ~~or~~
- **are directly involved in the manufacture and production of nuclear weapons;**
- **are directly involved in the manufacture or production of inert ammunition and armour containing depleted uranium, or any other industrial uranium, weapons containing white phosphorus;**
- **increase the production of, or capacity for, thermal coal related products/services or thermal coal-based power generation;**
- **increase the production of, or capacity for, unconventional oil and gas products/services; or**
- ~~that~~ the Investment Manager deems to be in violation of the UN Global Compact principles.

The companies selected through the process described above and having passed the Do No Significant Harm test, as detailed in the section ‘How do sustainable investments not cause significant harm to any environmental or social sustainable investment objective?’ will be considered 100% sustainable investments, as defined in Article 2(17) SFDR.

**Over time**, the Investment Manager may, in its discretion, elect to ~~adapt and/or~~ apply additional ~~criteria~~ **exclusions** to its strategy ~~over time~~ that it believes are consistent with the Sub-Fund’s sustainable investment objective **and policy**. Such changes ~~and/or additional criteria~~ will be disclosed ~~in the Literature Library~~ on the Investment Manager’s website as they are implemented and subsequently updated in this Prospectus at the next available opportunity.

The Sub-Fund’s equity holdings will be monitored on an ongoing basis by the Investment Manager. A holding may be sold for a range of reasons but in particular, if it is determined that the investment/financial case for the holding has been weakened or it no longer satisfies the sustainable investment objective of the Sub-Fund. Such sales will take place over a time period to be determined by the Investment Manager, taking into account the best interests of the Shareholders of the Sub-Fund.”
