

CANACCORD GENUITY GROUP INC.
CODE OF BUSINESS CONDUCT AND ETHICS

A. Introduction

(1) This Code of Business Conduct and Ethics (the “**Code**”) embodies the commitment of Canaccord Genuity Group Inc. (“**CGGI**”) and its operating subsidiaries (collectively, the “**Canaccord Genuity Group**”) to conduct our business in accordance with all applicable laws, rules and regulations and the highest ethical standards. All directors, officers and employees of companies of the Canaccord Genuity Group are expected to adhere to those principles and procedures set forth in this Code that apply to them. We also expect the consultants we retain generally to abide by this Code. In this Code, the “firm”, “we” and “our” refer to the Canaccord Genuity Group or the operating subsidiary of which a person is a director, officer, employee or consultant, as the context may require.

(2) Each director, officer, employee and consultant should also read and be familiar with the portions of the detailed policies of the Canaccord Genuity Group applicable to such director, officer employee or consultant. These policies (the “**Group and Operating Policies**”) are set out in the CGGI policies publicly disclosed as part of its corporate governance regime (the “**Group Policies**”)¹ and the policy and compliance manuals and policies established by each of the operating subsidiaries (the “**Operating Policies**”). The Group and Operating Policies are not part of this Code.

B. Compliance and reporting

(1) Directors, officers and employees should strive to identify and raise potential issues before they lead to problems, and should ask about the application of this Code whenever in doubt. Any director, officer or employee of an operating subsidiary who becomes aware of any existing or potential violation of this Code should promptly notify the person designated by the Board of Directors as the “**Appropriate Ethics Contact**” for that operating subsidiary. Any director, officer or employee of CGGI who becomes aware of any existing or potential violation of this Code should promptly notify the Appropriate Ethics Contact for CGGI. The Corporate Secretary of CGGI is responsible to maintain a current list of Appropriate Ethics Contacts and contact details for such contacts and provide that information on request.

The firm will take such disciplinary or preventive action as it deems appropriate to address any existing or potential violation of this Code brought to its attention.

(2) Any questions relating to how these policies should be interpreted or applied should be addressed, in the first instance, to the Appropriate Ethics Contact and then to the Lead Director of CGGI (who is referred to in this Code as the “**Ultimate Ethics Contact**”).

C. Enforcement of this Code

From time to time, unusual or unexpected situations may arise that are not anticipated by this Code or where this Code would not appropriately be strictly enforced. Any director, officer or employee of an operating subsidiary who believes this is the case should discuss the matter with the Appropriate Ethics Contact. The Appropriate Ethics Contact is responsible to bring the matter to the attention of the Ultimate Ethics Contact.

In the case of directors of CCCI and executive officers or senior financial officers of CGGI or any subsidiary of CGGI, a final determination of whether or not this is the case may be made only by the Board of Directors or a committee of the Board.

D. Personal conflicts of interest

(1) A “personal conflict of interest” occurs when an individual’s private interest improperly interferes with the interests of the firm. Personal conflicts of interest are prohibited as a matter of firm policy, unless they have been approved by the firm. In particular, a director, officer or employee must never use or attempt to use his or her position at the firm to obtain any improper personal benefit for himself or herself, for his or her family members or for any other person, including loans or guarantees of obligations, from any person or entity.

(2) Service to the firm should never be subordinated to personal gain and advantage. Conflicts of interest should, to the extent possible, be avoided.

(3) Any director, officer or employee who is aware of a material transaction or relationship that could reasonably be expected to give rise to a conflict of interest should discuss the matter promptly with the Appropriate Ethics Contact.

E. Public disclosure

It is the firm’s policy that the information in its public communications, including filings with securities regulatory authorities, be full, fair, accurate, timely and understandable. All directors, officers and employees who are involved in the company’s disclosure process, including the senior financial officers of CGGI, are responsible for acting in furtherance of this policy. In particular, these individuals are required to maintain familiarity with the disclosure requirements applicable to CGGI and are prohibited from knowingly misrepresenting, omitting or causing others to misrepresent or omit, material facts about CGGI to others, whether within or outside the firm, including CGGI’s independent auditors. In addition, any director, officer or employee who has a supervisory role in CGGI’s disclosure process has an obligation to discharge his or her responsibilities diligently.

F. Compliance with laws, rules and regulations

(1) It is the firm's policy to comply with all applicable laws, rules and regulations. It is the personal responsibility of each director, officer and employee to adhere to the standards and restrictions imposed by those laws, rules and regulations. The Group and Operating Policies provide guidance as to certain of the laws, rules and regulations that apply to the activities of CGGI and its operating subsidiaries.

(2) Generally, it is both illegal and against firm policy for any director, officer or employee who is aware of material non-public information relating to the firm, any of the firm's clients or any other private or governmental issuer of securities to buy or sell any securities of those issuers or recommend that another person buy, sell or hold the securities of those issuers.

(3) More detailed rules governing the trading of securities by the firm's directors, officers and employees are set forth in the Group and Operating Policies.² Any director, officer or employee who is uncertain about the legal rules involving his or her purchase or sale of any securities of CGGI or any securities of any other issuers (including the firm's clients, any other private or governmental issuer of securities and any issuers that he or she is familiar with by virtue of his or her work for the firm) should consult with the Appropriate Ethics Contact before making any such purchase or sale.

(4) The Canaccord Genuity Group and its directors, officers and employees in all countries must comply with applicable anti-corruption and anti-bribery legislation such as the *Corruption of Foreign Public Officials Act* (Canada), the U.K. *Bribery Act* and the U.S. *Foreign Corrupt Practices Act*. In general, this legislation prohibits improper payments to government officials for the purpose of obtaining or keeping business or improperly influencing government action. The anti-bribery prohibition applies to corrupt payments made, directly or indirectly, through a third party. Any attempts at bribery by employees or to employees should be reported to the Appropriate Ethics Contact. Employees should be careful when giving or receiving gifts and hospitality to ensure that they do not risk being interpreted as a bribe. Any director, officer or employee who is uncertain about the legal rules involving anti-corruption and anti-bribery rules and gifts or hospitality should consult with the Appropriate Ethics Contact.

G. Corporate opportunities

(1) Directors, officers and employees owe a duty to the firm to advance the firm's legitimate business interests when the opportunity to do so arises. Directors, officers and employees are prohibited from taking for themselves (or directing to a third party) a business opportunity that is discovered through the use of corporate property, information or position, unless the firm has already been offered the opportunity and turned it down or unless taken in accordance with Group

and Operating Policies. More generally, directors, officers and employees are prohibited from using corporate property, information or position in a manner contrary to the firm's interests.

(2) Sometimes the line between personal and firm benefits is difficult to draw, and sometimes both personal and firm benefits may be derived from certain activities. The only prudent course of conduct for our directors, officers and employees is to make sure that any use of firm property or services that is not solely for the benefit of the firm is approved beforehand through the Appropriate Ethics Contact.

H. Confidentiality

In carrying out the firm's business, directors, officers and employees often learn confidential or proprietary information about the firm, its clients/customers, prospective clients/customers or other third parties. Directors, officers and employees must maintain the confidentiality of all information so entrusted to them, except when disclosure is authorized or legally mandated. Confidential or proprietary information includes, among other things, any non-public information concerning the firm, including its businesses, financial performance, results or prospects, and any non-public information provided by a third party with the expectation that the information will be kept confidential and used solely for the business purpose for which it was conveyed.

I. Fair dealing

We have a history of succeeding through honest business competition. We do not seek competitive advantages through illegal or unethical business practices. Each director, officer and employee should endeavour to deal fairly with the firm's clients, service providers, suppliers, competitors and employees. No director, officer or employee should take unfair advantage of anyone through manipulation, concealment, abuse of privileged information, misrepresentation of material facts or any unfair dealing practice.

J. Equal employment opportunity and harassment

Our focus in personnel decisions is on merit and contribution to the firm's success. Concern for the personal dignity and individual worth of every person is an indispensable element in the standard of conduct that we have set for ourselves. The firm affords equal employment opportunity to all qualified persons without regard to any impermissible criterion or circumstance. This means equal opportunity in regard to each individual's terms and conditions of employment and in regard to any other matter that affects in any way the working environment of the employee. We do not tolerate or condone any type of discrimination prohibited by law, including harassment.

K. Protection and proper use of firm assets

All employees should protect the firm's assets and ensure their efficient use. All firm assets should be used for legitimate business purposes only.

L. Social media

Employees, in their private capacity as citizens, may want to use social media to share information and communicate with friends, family and co-workers. Canaccord Genuity policies apply to the use of social media by employees when they are “off-duty” and even though they are using social media for personal purposes.

In all forms of social media, employees should understand that they may be viewed as acting as representatives of Canaccord Genuity. Employees’ personal and professional personas are intertwined on social media, just as they are in real life. Even if not identified with an explicit company affiliation, employees implicitly represent Canaccord Genuity.

Maintaining public trust and Canaccord Genuity’s reputation is a requirement of all social media use as the public nature of social media can increase the risk of harming the professional and ethical reputation of Canaccord Genuity. Canaccord Genuity expects all its employees to adhere to the following mandatory guidelines:

- Employees must not use social media in a manner that would harm Canaccord Genuity’s reputation, image or integrity. Examples include but are not limited to conduct that is offensive, abusive, threatening, demeaning or humiliating or conduct that might reasonably be expected to cause undue offence or pose moral or ethical difficulties. Employees must keep posts and comments tasteful and always take the time to think about how the content can be perceived by their online community or the broader public and, specifically, in relation to their role with Canaccord Genuity.
- Employees are responsible not only for their own social media posts but also any comments made to their social media posts that were reasonably encouraged or welcomed by the employee’s post.
- Employees must ensure that they do not reveal anyone's personal information gained through their employment or association with Canaccord Genuity without express consent.
- Employees must never identify or comment about Canaccord Genuity clients or other Canaccord Genuity employees without their express consent. Even positive comments may be inappropriate or unwanted.
