On behalf of Canaccord Financial Group (Australia) Pty Ltd, we are pleased to endorse the company's second Modern Slavery Statement pursuant to section 16 of the Modern Slavery Act 2018 (Cth) (the Act). Our 2021 Statement provides an overview of our journey to assess our modern slavery risks and sets a roadmap to address modern slavery throughout our operations and supply chains.

As a financial services provider with a professional workforce, Canaccord Financial Group (Australia) Pty Ltd considers the risk of modern slavery within its direct business to be low. However, Canaccord Financial Group (Australia) Pty Ltd recognises that we have an important role to play in respecting and advancing human rights and protecting against modern slavery in Australia and globally.

In 2021, we reaffirmed our commitment to Modern Slavery via our Anti-Slavery and Human Trafficking Policy and Supplier Questionnaire, which aims to encourage our employees and suppliers to respect human rights. Canaccord Financial Group (Australia) Pty Ltd expects all who have or seek to have, a business relationship with the Company to familiarise themselves with our policy and to act in a way that is consistent with our value.

Looking ahead, we will focus on continuous improvement in mitigating the risks of modern slavery across our operations and supply chains.

This statement has been made in accordance with the Australia Modern Slavery Act 2018 (Cth) and has been approved by the Canaccord Financial Group (Australia) Pty Ltd's Board of Directors.

Modern Slavery Risks in Our Operations and **Supply Chains**

As a financial services business operating in a highly regulated industry with a professional workforce, Canaccord Genuity Group considers the risk of Modern Slavery within its direct business operations to be low. However, Canaccord Genuity Group recognises that through its supply chains and investment arrangements, it can be indirectly connected to modern slavery risks.

Canaccord Genuity Group's supply chain has not changed substantially since the last financial year. However, the following risks have been identified in our operations and supply chains:

Marketing Services (signage, promotional merchandise, banners)

These products are typically sourced by Australian based companies who manufacture or source these products predominantly from China, Malaysia and Indonesia. Our promotional merchandise and office stationery suppliers were identified in our risk assessment as presenting a high inherent risk of modern slavery due to high country risks, industry risks and widely known labour rights issues associated with the manufacturing of these products.

Hospitality (including food and beverage)

The supply chains of the food and beverages served in our Australian offices were identified as high risk due to the nature of the work necessary in the production, processing, packing and transportation of food fibre.

Real estate (building and maintenance services including cleaning)

The onsite cleaning services performed in our Australian offices were identified as presenting a high inherent risk of modern slavery practices. The cleaning industry is considered high-risk for modern slavery and exploitation due to the complexity of the industry, the nature of the workforce, and the often opaque nature of operations.

Information & Technology (software, telecommunication, IT support services and technology hardware, such as laptops and monitors)

We purchase computer hardware such as desktop computers, laptops, notebooks and tablets from IT distributors, who ultimately purchase these from offshore manufacturers. It is possible that some of these manufacturers use trafficked persons, slavery, servitude, forced labour, deceptive recruiting practices or child labour in the production of these devices.

Travel and Transportation (venues, air travel, hotels and ground transportation)

The supply chains of our corporate travel and transportation were identified as high risk due to geographic risks, air services and aviation services, accommodation and hospitality including cleaners and kitchen and maintenance staff and transport providers (including drivers).

Consultancy Services (recruitment agencies and learning and development activities and material)

Where consultation arrangements are in use, there is reduced visibility over recruitment practices, which introduces a higher risk of Modern Slavery within our business. Where we offer learning and development activities to our employees, it is possible that the learning material used for those activities are developed in high risks countries.

Although we have identified the above risks, we are pleased to confirm that the majority of goods and services that we procure come from suppliers based in Australia.

Our Approach and Our Commitment

5.1 Our Policies

Our commitment to mitigating the effects of modern slavery is upheld by our framework, policies and procedures. These include but are not limited to Canaccord Genuity Group's:

Anti-Slavery and Human Trafficking Policy

Although our commitment to human rights was referenced in a number of existing policies and procedures, we have reaffirmed this commitment in a single document. Our Anti-Slavery and Human Trafficking Policy sets out the expectations of our employees, directors, officers, contractors, consultants and any other third-party representatives to respect human rights. The purpose of the Policy is to ensure that our employees, directors, officers, contractors, consultants and any other third-party representatives operate in a way that supports these human rights principles, understand that it is our responsibility to respect, uphold and contribute to the realisation of human rights through our operations, business relationships and supply chains, and endeavour to avoid complicity in human rights abuses. Canaccord Genuity Group expects all who have, or seek to have, a business relationship with the Company to familiarise themselves with this policy and to act in a way that is consistent with its values.

Code of Conduct

Our Code of Conduct embodies our purpose and values. The Code of Conduct defines the behaviours, standards and actions required of every employee and contractor while working at Canaccord Genuity Group. It sets out our commitment to conducting business in accordance with the laws, regulations and obligations that apply to us, as well as our internal policies and processes, which often exceed standards expected by law, as they take into account our voluntary commitments and the values that guide our approach to responsible business. All Canaccord Genuity Group staff are required to adhere to the Code of Conduct and are required to undertake annual Code of Conduct compliance training.

Whistleblower Protection Policy

Our Whistleblower Protection Policy creates a supportive environment where our staff feel safe to speak up, and is one of Canaccord Genuity Group's core values and underpins our workplace culture. There are various ways in which our employees can raise concerns that they may have regarding conduct occurring at Canaccord Genuity Group. In addition to these mechanisms, Canaccord Genuity Group's current and past employees; officers; contractors; suppliers (including employees of suppliers); and their associates are able to report and express any concerns relating to our activities and suspected violations of our policies, values and/or legal requirements via our Policy.

Anti-Money Laundering and Counter-Terrorism Program and Procedures

Canaccord Genuity Group understands that the prevention of money laundering and terrorism financing is a vital component of our efforts to mitigate modern slavery risks in our business. Money laundering in particular is closely related to modern slavery, as this activity can help to obfuscate funds that were generated through illegal activities such as human trafficking. Canaccord Genuity Group maintains an AML/CTF Program that sets a minimum standard that all our business units must meet when onboarding clients. In accordance with AML/CTF legislation, Canaccord Genuity Group collects specific information when onboarding clients and transacting in order to identify and verify our various customer types. Ongoing customer due diligence is also undertaken for the duration of the relationship to ensure currency and correctness of the information, and in the event further detail or analysis is required on the basis of the customer's activities or transactions.

Bullying, Harassment, Discrimination, Equity and Victimisation Complaints **Procedures**

At Canaccord Genuity Group we promote an environment which values diversity and is free from Discrimination, Bullying, Harassment, Victimisation and Vilification where all Employees are treated with dignity, courtesy and respect. We have implemented Procedures and awareness raising strategies to ensure that all Employees know their rights and responsibilities in order to provide a safe and inclusive work environment. Through our procedures, we provide opportunities for Employees to resolve Complaints in a fair, timely and confidential manner and encourage the reporting of behaviour which breaches this policy.

Gender Equity and Diversity Policy

Canaccord Genuity Group is committed to developing, cultivating and preserving a culture of diversity and inclusion and recognises the benefits people from different backgrounds bring to the business. Canaccord Genuity Group aims to create a diversity inclusive workplace in which employees have the opportunity to fully participate and are valued for their distinctive skills, experiences and perspectives.

A diverse working environment embraces the ways in which people differ including, but not limited to gender, age, ethnicity, religion and cultural background. Diversity also includes underlying differences that make a person unique such as education, work experience, personality, physical ability, lifestyle and family responsibilities. Our aim is to ensure that our business policies, procedures, and behaviours promote diversity and inclusion and create an environment where individual differences are valued.

Recruitment and Selection Policy

We are an equal employment opportunity employer and are committed to ensuring that all applicants for selection or promotion are treated fairly and equally and all Equal Employment Opportunity laws are adhered to without exception.
