CGWM Global Equity Fund: R USD (Accumulation) (IE00BDF17R41)

Canaccord Genuity Investment Funds plc

ISIN: IE00BDF17R41

Management Company: Canaccord Genuity Management Company Limited

Objectives and Investment Policy

The aim of the Fund is to generate capital growth by investing directly in the shares of companies (i.e. equities) from around the globe.

The Fund seeks to achieve this objective by investing in a concentrated portfolio of normally between 20-40 equity holdings. 90% of the Fund's net assets will at all times be invested in listed securities. The Fund will also invest in Global Depository Receipts (GDRs) and American Depository Receipts (ADRs), which are certificates issued by a depository bank or investment bank, representing shares held by the bank and which may be used by the Fund to gain indirect exposure to underlying securities in certain jurisdictions (without directly investing in those securities) in circumstances where it may be more cost effective and more beneficial for the Fund to do so.

The Fund will normally have exposure at any one time to at least 3 of the 5 major geographical regions: Americas, Europe ex-UK, UK, Middle East/North Africa and Asia. The Fund may therefore have some emerging markets exposure although this is likely to be limited as the Fund will seek highly liquid assets in which to invest and will therefore only invest in companies with a free float market capitalisation of USD 1 billion or above. The Fund will also have exposure at any one time to at least 5 of the following 10 broad industries: oil and gas, basic materials, industrials, consumer goods,

healthcare, consumer services, telecommunications, utilities, financials and technology.

Other Information
